**FINANCE CHARGES:** Although the Bank uses the Daily Balance method to calculate the finance charge on your Moneyline/Overdraft Protection account (the term "ODP" or "OD" refers to Overdraft Protection), the Bank discloses the Average Daily Balance on the periodic statement as an easier method for you to calculate the finance charge. The finance charge begins to accrue on the date advances and other debits are posted to your account and will continue until the balance has been paid in full. To compute the finance charge, multiply the Average Daily Balance times the Days in Period times the Daily Periodic Rate (as listed in the Account Summary section on the front of the statement). The Average Daily Balance is calculated by adding the balance for each day of the billing cycle, then dividing the total balance by the number of Days in the Billing Cycle. The daily balance is the balance for the day after advances have been added and payments or credits have been subtracted plus or minus any other adjustments that might have occurred that day. There is no grace period during which no finance charge accrues. Finance charge adjustments are included in your total finance charge.

## FOR CONSUMER LOAN ACCOUNTS ONLY — BILLING RIGHTS SUMMARY

If you think your bill is wrong, or if you need more information about a transaction on your bill, write us at P.O. Box 1377, Lewiston, Maine 04243-1377 as soon as possible. We must hear from you no later than sixty (60) days after we sent you the FIRST bill on which the error or problem appeared. You can telephone us, but doing so will not preserve your rights. In your letter, give us the following information:

- Your name and account number.
  - The dollar amount of the suspected error.
  - Describe the error and explain, if you can, why you believe there is an error.
- If you need more information, describe the item you are unsure about.

You do not have to pay any amount in question while we are investigating, but you are still obligated to pay the parts of your bill that are not in question. While we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question.

**FINANCE CHARGES:** Although the Bank uses the Daily Balance method to calculate the finance charge on your Moneyline/Overdraft Protection account (the term "ODP" or "OD" refers to Overdraft Protection), the Bank discloses the Average Daily Balance on the periodic statement as an easier method for you to calculate the finance charge. The finance charge begins to accrue on the date advances and other debits are posted to your account and will continue until the balance has been paid in full. To compute the finance charge, multiply the Average Daily Balance times the Days in Period times the Daily Periodic Rate (as listed in the Account Summary section on the front of the statement). The Average Daily Balance is calculated by adding the balance for each day of the billing cycle, then dividing the total balance by the number of Days in the Billing Cycle. The daily balance is the balance for the day after advances have been added and payments or credits have been subtracted plus or minus any other adjustments that might have occurred that day. There is no grace period during which no finance charge accrues. Finance charge adjustments are included in your total finance charge.

## HOLDINGS

This section reflects positions purchased/sold on a trade date basis. "Market Value" and "Unrealized Gain/(Loss)" may not reflect the value that could be obtained in the market. Your actual investment return may differ from the unrealized gain/(loss) displayed. Fixed Income securities are sorted by maturity or pre-refunding date, and alphabetically within date. Estimated Annual Income a) is calculated on a pre-tax basis, b) does not include any reduction for applicable non-US withholding taxes, c) may include return of principal or capital gains which could overstate such estimates, and d) for holdings that have a defined maturity date within the next 12 months, is reflected only through maturity date. Actual income or yield may be lower or higher than the estimates. Current Yield is an estimate for informational purposes only. It reflects the income generated by an investment, and is calculated by dividing the total estimated annual income by the current market value of the entire position. It does not reflect changes in its price. Structured Investments, identified on the Position Description Details line as "Asset Class: Struct Inv," may appear in various statement product categories. When displayed, the accrued interest, annual income and current yield for those with a contingent income feature (e.g., Range Accrual Notes or Contingent Income Notes) are estimates and assume specified accrual conditions are met during the relevant period and payment in full of all contingent interest. For Floating Rate Securities, the accrued interest, annual income and current yield are estimates based on the current floating coupon rate and may not reflect historic rates within the accrual period. For more information on how we price securities, go to [www.morganstanley.com/wealth/disclosures/disclosures.asp](http://www.morganstanley.com/wealth/disclosures/disclosures.asp).

## CASH, BANK DEPOSIT PROGRAM AND MONEY MARKET FUNDS

Cash, Bank Deposit Program, and Money Market Funds are generally displayed on a settlement date basis. You have the right to instruct us to liquidate your bank deposit balance(s) or shares of any money market fund balance(s) at any time and have the proceeds of such liquidation remitted to you. Estimated Annual Income, Accrued Interest, and APY% will only be displayed for fully settled positions. Under the Bank Deposit Program, free credit balances held in an account(s) at Morgan Stanley Smith Barney LLC are automatically deposited into an interest-bearing deposit account(s), at Morgan Stanley Bank, N.A. and/or Morgan Stanley Private Bank, National Association, each a national bank, FDIC member and an affiliate of Morgan Stanley. Under certain circumstances, deposits may be held at other FDIC insured Program Banks. ## OPEN-END NON-SWEEP MONEY MARKET FUNDS

The Current Yield is an estimate for informational purposes only and, depending upon market conditions, may differ materially from published Money Market Fund yields. Current Yield is calculated by dividing the total estimated annual income (in most cases, as of the prior month-end) by the current market value of the entire position. Investors should refer to the fund website for the most recent yield information. For holders of money market fund shares with a floating net asset value, we will provide information which may be relevant to holders who have elected to use the NAV method of tax accounting pursuant to Treasury Regulation section 1.446-7. However, since this is supplemental data, it will not be furnished to the Internal Revenue Service.

## Report Disclosures

Period Ended January 31, 2026

### IMPORTANT INFORMATION REGARDING YOUR STATEMENT

For informational purposes, your statement may include positions custodied at Goldman Sachs & Co. LLC ("GS&Co."), Goldman Sachs Bank USA ("GS Bank") or, if applicable, a third party custodian. If you have requested that statements for multiple individuals or entities be combined, the assets shown may belong to multiple owners. The information below applies to all activity included in this statement unless otherwise indicated.

### SERVICES PROVIDED BY AFFILIATES OF THE GOLDMAN SACHS GROUP, INC. ("GOLDMAN SACHS")

Investment advisory services may be provided by GS&Co., another Goldman Sachs affiliate or an external manager under the wrap program sponsored by GS&Co. Brokerage services, payment services (including check-writing, debit cards, direct debit, direct deposit, electronic bill pay, overdraft protection and Bank to Bank Transfers via ACH), custody, margin loans and strategic wealth advisory services are provided by GS&Co. Financial counseling services are provided by The Ayco Company, L.P. Over-The-Counter ("OTC") derivatives, foreign exchange forwards and related financing are offered by GS&Co. Deposit products, bank loans and mortgages are offered by GS Bank. For further information about GS Bank, see the GS Bank section of these disclosures. GS&Co. is a member of the Financial Industry Regulatory Authority ("FINRA"), the New York Stock Exchange ("NYSE") and the Securities Investor Protection Corporation ("SIPC"), and is registered with the Securities and Exchange Commission and the Municipal Securities Rulemaking Board ("MSRB"). For additional information regarding the functions performed by GS&Co. or its affiliates, please refer to your Account Agreements.

### ASSET CLASSIFICATION

Holdings, market value and performance are displayed by asset class. In most cases, the value of all assets held in a separately managed account is displayed in the asset class corresponding to the investment strategy of the account. In those instances, the market value and performance displayed for each asset class may also include cash that is not separately reflected under Cash, Deposits and Money Market Funds. A description of our asset classification schema is available upon request and in the "Important Information" section of Goldman.com.

### PRICING AND VALUATION

Generally, prices for investments are as of the close of the last business day of the statement period and do not necessarily reflect realizable values. Unless otherwise indicated, prices are obtained from third parties, including market data providers, and are based on information considered to be reliable, but are not guaranteed for accuracy.

If a current market price is unavailable and / or a security is not actively traded, for a period of time established by our stale pricing policy, which varies by asset class, the price displayed may be the last available market price or the cost basis for the position. At the expiration of that time period, if a current market price is still unavailable, the price will be marked as "N/A" or "No Price." Positions appearing with a price of "N/A" or "No Price" are not reflected in the overall market value of your portfolio. Further information about our pricing and valuation practices is available upon request and in the "Important Information" section of Goldman.com.

For instruments issued in a currency that differs from the account's base currency, activity is converted to base currency using trade date end of day foreign exchange rates. Market values of positions held in the account are converted to base currency using foreign exchange rates from the last day of the current statement period.

Valuations for structured investments (including notes issued and underwritten by Goldman Sachs or its affiliates and notes issued and underwritten by third parties) represent the price at which the underwriter, or one of its affiliates, was prepared to execute a transaction up to an indicative bid size (generally USD 500,000 for U.S. structured notes and USD 100,000, or the foreign currency equivalent, for non-U.S. structured notes), as of the close of the last business day of the statement period. It does not represent the price at which Goldman Sachs, its affiliates, or a third party underwriter (if applicable) would currently execute such a transaction. If the underwriter price is unavailable, an alternative valuation (which is not necessarily realizable) may be substituted. The price displayed herein may change due to market conditions, the issuer's creditworthiness and other factors and, for U.S. registered notes, may exceed the underwriter's estimated value of your structured investments for a limited period as described in the relevant offering documents.

Valuations for private equity, private real estate, hedge funds, and other alternative investments structured as private investment funds reflect an estimate of the value of your investment in the fund as provided by the fund administrator. Pricing for other alternative investments offered by Goldman Sachs (e.g., private placements of equity securities) may be provided by Goldman Sachs or a third party. These investments are generally illiquid, and the estimated value provided may not be realized if you were to seek to liquidate the investments at any point in time. If a value is not provided for an investment, valuation information may not be available. A partnership capital value statement is generally available upon request from your Private Wealth Management ("PWM") team.

For OTC derivative positions, positive values reflect the amount Goldman Sachs owes to you and negative values reflect the amount you owe to Goldman Sachs. Generally, the market value displayed for an OTC derivative position is a "Mid Price", which represents either (1) Goldman Sachs' good faith estimate of the mid-market value of the position as of the date of this statement based on estimated or actual prices and offers for the position or (2) a "mid-market price" generated by proprietary valuation models used by Goldman Sachs as of the last business day of the statement period. It does not represent a price at which Goldman Sachs would currently transact. Consistent with market practice, valuations for equity options and swaps, interest rates and credit are calculated to reflect the underlying funding curve that is associated with the collateral pledged on a single currency basis. The transaction price may include execution charges, such as spreads and / or other charges, incurred in connection with hedging the transaction. The difference between the valuation displayed herein and the actual price upon execution is based upon a number of factors, which may include (but may not be limited to) the creditworthiness of the parties, funding implications (including funding costs and / or benefits associated with any credit support or margin arrangement), portfolio-level adjustments, liquidity adjustments based on size and market disruption events. The valuation methodologies are subject to change without notice and the value displayed herein may not reflect valuations you would receive from other dealers, affiliates or business units of Goldman Sachs, or by using pricing models available from Goldman Sachs or valuations included in the books and records of Goldman Sachs.

### UNREALIZED GAIN (LOSS)

Unrealized Gain (Loss) represents the increase or decrease in the value of a position since its purchase, including any accrued income. If your cost basis is unavailable, Unrealized Gain (Loss) may be calculated based on the position's Original Cost or may not appear.

Generally, Original Cost is the price paid by the purchaser. Original Cost may be adjusted for a variety of factors, including original issue discount inclusions, returns of capital and wash sales. This is reported as Adjusted Cost. For fixed income securities, Adjusted Cost may reflect accruals of market discount (i.e., difference between the purchase price and the issuer-stated redemption price) and / or premium amortization, as applicable. For alternative investments, Adjusted Cost is generally equal to total contributions plus income allocated to the investor less total distributions and losses allocated to the investor.

### ESTIMATED INCOME

If displayed, estimated income figures are estimates of future activity obtained from third party sources. Actual income received may vary substantially.

### ACCRUED INCOME AND CORPORATE ENTITLEMENTS

Accrued income reflects pending dividends or interest not yet paid, which may change at the discretion of the issuer, and therefore are not included in market value totals. If shares are registered in your name, dividends will be sent to you directly and may not be reflected in your account.

### TRANSACTIONS

Because we report transactions on a trade-date basis, positions may reflect trades that have been executed, but have not yet settled as of the date of your statement. When this occurs, trades are reflected in the Investment Activity section for the month in which the trade date occurs and in the Cash Activity section for the month in which the trade is settled.

### OPEN ORDERS

Generally, orders placed on a good until cancelled basis for listed equities (other than in Europe and Japan) remain open up to a maximum of 90 days from the date entered, and orders placed on a good until cancelled basis for European and Japanese listed equities remain open up to a maximum of 30 days from the date entered. Orders placed on a good-until-cancelled basis for foreign exchange transactions remain open indefinitely and are reconfirmed on a periodic basis. Please contact your PWM team if you have questions regarding your open orders.

Period Ended January 31, 2026

### RATINGS

Ratings are subject to change at the discretion of the applicable rating agency. The description of methodology employed in assigning ratings may be found on the applicable rating agency's website. If an applicable rating agency assigns more than one rating type (e.g., short term, long term, enhanced or underlier) to a security, Goldman Sachs chooses which to display on statements based on a number of factors it deems reasonable in its sole discretion. Asset classification for fixed income securities is determined by the lowest rating displayed on the statement. Further information about ratings is available upon request.

### FEES AND EXECUTION CHARGES

If you maintain brokerage accounts, you are charged commissions, commission equivalents, mark-ups, mark-downs, spreads and other charges ("Execution Charges"), which may vary depending upon the nature of the accounts and your investments. If you maintain advisory accounts, you are charged investment management fees and you may also pay Execution Charges to Goldman Sachs or a third party broker-dealer.

Investment management fees are detailed in the Investment Management Fee section and are generally debited quarterly from the account in which the fee is accrued or another account in the same name. Fees are charged based on the number of calendar days in the quarter. For funds that do not price monthly, fees are charged on the most recent billable asset value provided by the fund. These figures are generally available on a quarterly basis with a time lag. Most often, billable asset value is equal to the market value (including accruals) of a specific product. However, for certain private investment funds and option strategies, the billable asset value represents committed capital (actual or discounted), invested capital, or notional market values, rather than market values. Additional information on the fee calculation methodology is available upon request.

The Cash Activity section displays applicable fees directly billed to your account, which may include fees for investment management, custody, administrative services, consolidated reporting and other fees. This statement does not display Execution Charges or fees embedded in the products you hold, including underlying mutual fund, ETF and private investment fund fees and expenses. Please refer to your Account Agreements, fee schedules and trade confirmations for more information.

### PERFORMANCE

Investments in securities involve risk, and the value of investments and income derived from such investments may fluctuate. Past performance is not a guide of future results. If performance is shown, it may include investments no longer owned in current or closed accounts. The performance report presents the relevant time weighted performance, which is a combination of daily returns compounded over a specified time period with the removal of the deposit and withdrawal impacts. If requested, certain illiquid investments may show internal rate of return calculations. Aggregate performance may not equal the sum of returns at an investment or asset class level. Generally, performance for advisory accounts is currently calculated net of management fees, if any, and might include investments for which actual market prices are not available as of the date of this statement. If requested, performance results may be provided gross of management fees and will be accompanied by net of management fee results. Private equity positions may be included in total performance calculations. Performance for alternative investments is calculated using the value of the last available partnership capital statement or NAV.

Over time, GS&Co. has adjusted how it calculates performance for certain asset classes or strategies and may again do so from time to time in the future. Information on historical performance calculations is available upon request. Performance of net cash (i.e., cash less margin debit) is generally included in the total performance calculation but not displayed separately. ### TAX INFORMATION

The information provided in this statement, including in the Tax Summary section, has not been audited, should not be used for tax reporting and is not a substitute for the applicable tax documents, including your Form 1099 and Schedule K-1 for private investments, which are provided to you annually. The cost basis included in this statement may differ from your cost basis for tax purposes. For fixed income securities, cost basis may be adjusted from time to time. Information regarding your alternative investments and transactions for retirement accounts are not included in the Tax Summary section. Goldman Sachs and its affiliates do not provide tax advice, unless explicitly agreed between you and Goldman Sachs.

### ALTERNATIVE INVESTMENTS

Private equity, private real estate, hedge funds and other alternative investments structured as private investment funds are subject to less regulation than other types of pooled vehicles and may involve a substantial degree of risk, including the risk of total loss of an investor's capital, limited liquidity and leverage. Alternative investments may not be appropriate for all investors. Terms and conditions governing private investments are contained in the applicable offering documents, which also include information regarding the liquidity of such investments. Investors in private investment funds should review the Offering Memorandum, the Subscription Agreement and any other applicable disclosures for risks and potential conflicts of interest.

### CASH SWEEP; MONEY MARKET FUNDS

Eligible clients may elect to automatically sweep excess available cash from their GS&Co. brokerage account to a GS Bank deposit account or money market fund. If cash held in your account is swept into a bank deposit account or money market fund, the balance in the bank deposit account or shares of the money market fund can be liquidated at your instruction and the proceeds returned to your account or remitted to you, subject to any notice requirements imposed by GS Bank on bank deposit account withdrawals as described in the GS Bank section of these disclosures. Money market funds seek to maintain a stable net asset value of \$1 per share. There is no guarantee that they will be able to maintain this value.

### MUNICIPAL SECURITIES

An investor brochure describing the protections provided by MSRB rules and how to file a complaint with an appropriate regulatory authority is available at [www.msrb.org](http://www.msrb.org). For additional important information about municipal securities, including official statements, disclosures and real-time trade data, visit the Municipal Securities Rulemaking Board's Electronic Municipal Market Access website at [www.emma.msrb.org](http://www.emma.msrb.org).

### ASSET-SERVICING EVENTS

Asset servicing events (e.g., stock splits, mergers) are generally reflected on your statement as of the effective date (i.e., the date from which the corporate action is effective) and will be reflected under Quantity prior to payment date. This may result in certain positions (or portions thereof) being reflected on your statement that have not yet been received by the firm. Asset servicing events such as stock dividends, which generally have payment dates extending beyond the normal settlement cycle, will only be reflected in your Quantity on payment date and will reflect as an accrual between effective date and payment date. Transactions with an "Unknown" Settlement Date are a result of asset servicing events with a payment date that is yet to be determined. Positions resulting from transactions with "Unknown" settlement dates generally are not available for trading.

### ASSETS HELD AT A THIRD PARTY CUSTODIAN

Information (including valuation) regarding holdings and activity in accounts held by third party custodians may be included in this statement as a courtesy to you and has been supplied by third parties or by you. GS&Co. assumes no responsibility for the accuracy of such information. Information and performance may differ from those reflected by your custodian and is as of the date of the materials provided to us. You should compare the information contained in this statement with the statement you receive from your custodian. Certain products and services described in this statement backer will not be available to you if you chose to custody at a third party custodian.

### ACCOMMODATIVE REPORTING

As an accommodation to you, your statement may reflect certain investments unrelated to services provided by Goldman Sachs. In those instances, GS&Co. does not perform any review or diligence on, verify the accuracy of information regarding or provide advice on those investments. Unless otherwise agreed in writing, GS&Co. has not assessed whether those investments fit within your investment objective and the asset classification shown for such investments may not be accurate.

### ASSET PROTECTION

GS&Co. is a member of SIPC, which protects eligible assets in GS&Co. accounts held in the same title and capacity up to an aggregate maximum of \$500,000, of which \$250,000 may be in cash. For example, if you have an individual brokerage account and an individual advisory account, these accounts would be aggregated and jointly subject to the \$500,000 SIPC limit. However, if you also held assets in a revocable trust account, these assets would not be aggregated with the individual accounts and would be eligible for an additional \$500,000 of SIPC protection. SIPC does not protect against loss due to market fluctuation. GS&Co. also maintains excess SIPC insurance of up to \$1,000,000,000 across all customers of GS&Co. Assets not held by GS&Co. (including interests in private funds and assets held at a third party custodian), and certain other assets, may not be covered by SIPC and are not eligible for supplemental insurance coverage. Client-specific market positions are not eligible for the protection provided by SIPC or the Customer Protection Rule (SEC Rule 15c3-3 under the Exchange Act of 1934, as amended) or to any similar U.S. law applicable to custodians in the United States. Certain customers may be excluded from SIPC coverage, including Goldman Sachs managing directors and certain types of financial institutions. You may obtain information about SIPC, including a brochure describing SIPC and information about which assets are eligible for SIPC protection, by contacting SIPC via telephone at 202-371-8300 or accessing the SIPC website at [www.sipc.org](http://www.sipc.org). Additional information is available upon request.

Free credit balances (i.e., cash held in any of your securities accounts and not swept to bank deposit or money market funds) are not segregated and may be used by GS&Co. in the conduct of business. Free credit balances are payable to you on demand. You will not receive interest on your free credit balances if the applicable interest rate is zero or the interest credit is lower than USD 1 or equivalent in any other currency. If this occurs, a cash interest schedule will not be included in your monthly statement.

### MARGIN ACCOUNTS

If you have a margin account, this is a combined statement of your general account and a statement of a special memorandum account maintained for you under section 220.5 of Regulation T. The permanent record of the separate account, as required by Regulation T, is available for your inspection upon request. Where an individual has multiple accounts with GS&Co., compliance with margin requirements will be computed on the basis of the combined margin transactions and collateral on deposit with GS&Co., as required by applicable regulation. Accounts combined for margin purposes may not be the same accounts included in this statement. Your borrowing capacity is determined by the margin-eligible assets held in your account or other accounts that hold assets as collateral for your loan and the applicable regulatory and Goldman Sachs' initial and margin maintenance requirements. Please contact your Private Wealth Advisor at the number listed on the cover of your statement for your current borrowing capacity.

When you pledge securities in your margin account, some or all of the securities serving as collateral for that account may be used, lent or pledged by GS&Co., in accordance with U.S. Securities and Exchange Commission ("SEC") rules. When this occurs, certain rights of your ownership related to such securities may be transferred to GS&Co. or transferred by us to others. In certain

circumstances, this may limit, in whole or in part, your ability to exercise voting rights with respect to such securities, and you may be offered the right to vote fewer shares than you own.

Except as otherwise agreed in writing, if you trade OTC derivatives, your counterparty may re-pledge or otherwise use the collateral you post. In the event of the counterparty's failure, you will likely be considered an unsecured creditor as to that collateral and will not benefit from SEA Rule 15c3-3 or SIPC insurance.

If you transact in certain swap transactions regulated by the Commodity Futures Trading Commission, further information and disclosures may be found at <https://www.goldman.com/gs/p/markets/doddfrank>.
