[2] Capitalized terms used herein but not otherwise defined shall have the meanings ascribed to them in the Sale Motion or the Sale Agreement (as defined below), as applicable.

the premises; and all timely objections to the Sale Motion having been withdrawn, resolved, or overruled; and the Debtors having conducted the Sale Process in an appropriate and efficient manner in accordance with the Bidding Procedures and having determined in their reasonable business judgment, in consultation with the Consultation Parties (as defined in the Bidding Procedures), that the bid (the "Successful Bid") received from KIA II (the "Buyer") as set forth in the Asset Purchase Agreement attached hereto as **Exhibit A** (along with all related agreements, documents or instruments and all exhibits, schedules and addenda, the "Sale Agreement") represents the highest and best offer for the Purchased Assets and will maximize value for such Purchased Assets; and adequate notice of the Sale Motion, the Sale Process and the Sale Hearing having been given the circumstances; and it appearing that the relief requested in the Sale Motion is in the best interests of the Debtors, their estates and creditors, and all other parties-in-interest in these chapter 11 cases; and after due deliberation and sufficient cause appearing therefor,

IT IS HEREBY FOUND AND DETERMINED THAT:

A. Jurisdiction and Venue. This Court has jurisdiction to consider the Sale Motion and the sale of the Purchased Assets, including the Transaction contemplated by the Sale Agreement (the "Sale Transaction"), pursuant to 28 U.S.C. §§ 157(b)(1) and 1334(a). This is a core proceeding pursuant to 28 U.S.C. § 157(b)(2)(A), (N), and (O). Venue of these chapter 11 cases and the Sale Motion in this District and before this Court is proper pursuant to 28 U.S.C. §§ 1408 and 1409.

B. Statutory Predicates. The statutory and other legal predicates for the relief sought in the Sale Motion are sections 105, 363, 364, 365, 503 and 507 of the Bankruptcy Code, Bankruptcy Rules 2002, 4001, 6004, 6006, 9007 and 9014, and Local Rule 6004-1. The consummation of the Sale Transaction contemplated by the Sale Motion, Sale Agreement and this Order is legal, valid and properly authorized under all applicable provisions of the Bankruptcy

Code, the Bankruptcy Rules and the Local Rules, and all of the applicable requirements of such sections and rules have been complied with respect of such Sale Transaction.

C. Final Order. This Order constitutes a final and appealable order within the meaning of 28 U.S.C. § 158(a). Notwithstanding Bankruptcy Rules 6004(h) and 6006(d), the Court expressly finds that there is no just reason for delay in the implementation of this Order, and expressly directs entry of judgment as set forth herein.

D. Notice. Good and sufficient notice of the Sale Process, the Sale Motion, the Bidding Procedures Order, the Auction, the potential assumption and assignment of contracts and leases, and the Sale Transaction was provided to all parties entitled to receive notice and any other interested parties, including those whose identities are unknown to the Debtors, and no other or further notice is necessary or appropriate.

E. Opportunity to Object. A reasonable opportunity to object or be heard with respect to the Sale Motion and the relief requested therein has been afforded to all parties in interest.

F. Reasonable Postpetition Marketing Efforts by the Debtors. The Sale Transaction represents the highest and best bids for the Purchased Assets, as determined by the Debtors in their reasonable business judgment, and is the product of reasonable efforts by the Debtors and their advisors to market and maximize the value of the Debtors' Assets and to identify all available reasonable alternatives. The Sale Process has been led by the Debtors' and their financial advisor BDO Consulting Group, LLC ("BDO"). In particular, the Debtors and BDO contacted numerous parties to solicit interest and bids, consisting of both strategic purchasers and financial investors. The Debtors provided non-disclosure agreements to interested parties and received 15 executed agreements. The Debtors also provided the parties that signed a non-disclosure agreement access to the Debtors' virtual data room. Thereafter, a number of parties conducted site visits. Ultimately,

the Debtors received three qualifying bids for certain subsets of their Assets, including the Buyer's bid for the Purchased Assets. The Debtors likewise extended the Auction for two weeks to afford equipment liquidators and other potential bidders with the opportunity to provide bids, which extension ultimately did not result in a qualifying bid.

G. The Auction. The Debtors conducted an auction (the "Auction") on March 10, 2025, for the Debtors' Assets (including the Purchased Assets) in accordance with the Bidding Procedures. Debtors' Assets were divided into three separate lots to maximize the potential bids. At the commencement of the Auction, the Debtors provided all bidders with an Acknowledgement and Agreement for Participation in Auction (the "Auction Acknowledgement"), which each bidder was required to sign, prior to the commencement of the Auction. Among other things, the Auction Acknowledgement provided that the Qualified Bidder (i) understood the Bidding Procedures, (ii) had the financial wherewithal to consummate the transactions set forth in any bid submitted, (iii) has acted in good faith throughout the Debtors' Sale Process and has not colluded with any Potential Bidder, and (iv) would keep the prevailing bid open, valid, enforceable and irrevocable until the conclusion of the Auction and the determination by the Bankruptcy Court that such prevailing bid was approved or not approved.

H. Each party that submitted a qualifying bid prior to the March 7, 2025 bid deadline (the "Bid Deadline") attended the Auction and participated. Counsel and other advisors to the Official Committee of Unsecured Creditors (the "Committee") and Keybank National Association ("Keybank", together with the Committee are referred to as the "Consultation Parties") were also present at the Auction. There were three lots of assets sold during the Auction, including, the lot purchased by the Buyer. During the Auction, the Buyer confirmed on the record that the Purchased Assets did not, to its knowledge, overlap in any way with the assets of any other lot already

auctioned off by the Debtors. After consulting with the Consultation Parties, the Debtors designated the Buyer's bid as the Opening Bid (as defined in the Bidding Procedures) for the lot of the Purchased Assets. No other bid was made on the Purchased Assets, and, after consulting with the Consultation Parties, the Buyer was declared the Successful Bidder for the Purchased Assets. Before the Auction record was closed, the Consultation Parties verbally requested on the record that the Debtors keep the Auction open to allow certain other potential bidders to evaluate the Debtors' Assets. The Debtors agreed to keep the Auction open for a two-week period, over which period the Sale Hearing was commenced on March 12, 2025 and then adjourned to March 27, 2025. During the extended two-week period the Debtors did not receive a qualified bid. The Auction reconvened and officially concluded and was declared closed by the Debtors on **Monday, March 24, 2025** at approximately 2:00 p.m. (prevailing Eastern Time).

I. Summary of the Successful Bids. The Successful Bid for the Purchased Assets (including in summary, but subject to and as described more fully in Section 2.1 of the Sale Agreement, (i) real property located in Lower Turkeyfoot Township, Upper Turkeyfoot Township, Somerset Township and Stoney creek Township; and (ii) certain inventory, machinery and equipment was a bid of $7,000,000.00 as described in the Sale Agreement, which is attached hereto as Exhibit A.

J. Sale Transaction Is Appropriate. The Sale Transaction pursuant to the Sale Agreement meets the standards for sales outside the ordinary course of business under section 363(b)(1) of the Bankruptcy Code. The Sale Transaction represents the sound business judgment of the Debtors and is appropriate in light of the facts and circumstances surrounding the Sale Transaction and these chapter 11 cases because (i) the Sale Transaction was selected as the highest and best offer for the Purchased Assets after reasonable marketing and competitive bidding at the

Auction and based on the record before the Court maximized the value for the Purchased Assets, and (ii) the terms of the sale are fair and reasonable and were negotiated in good faith and at arm's length between the Debtors and the Buyer.

K. Corporate Authority. Subject to the entry of this Order, the Debtors have full corporate power and authority to execute the Sale Agreement and all other documents contemplated thereby, and to consummate the Sale Transaction contemplated in connection therewith.

L. Business Justification. Based on the facts and circumstances surrounding these chapter 11 cases, the Debtors have (i) articulated and demonstrated good, sufficient and sound business reasons to enter into the Sale Agreement, and consummate the sale of the Purchased Assets and the Sale Transaction; (ii) appropriately exercised their business judgment, in consultation with the Consultation Parties, by entering into the Sale Transaction; and (iii) demonstrated compelling circumstances for entry into the Sale Transaction pursuant to section 363(b)(1) of the Bankruptcy Code, in that, among other things, the immediate approval by the Court of the Sale Transaction with the Buyer is necessary and appropriate to maximize the value of the Debtors' estates.

M. Best Interests. Approval of the Sale Agreement and the consummation of the Sale Transaction is in the best interests of the Debtors, their estates, their creditors and other parties in interest.

N. Highest or Otherwise Best. As demonstrated by (i) the testimony and/or other evidence proffered or adduced at the Sale Hearing; (ii) the Auction Transcript; and (iii) the representations of counsel made on the record at the Sale Hearing, the Buyer's offer for the purchase of the Purchased Assets and assumption of certain liabilities as set forth in the Sale

Agreement is fair and reasonable and constitutes the highest or otherwise best offer possible for the Purchased Assets and provides for consideration which exceeds the total consideration that the Debtors could have received by any other party for the Purchased Assets. The consideration for the Purchased Assets is fair and reasonable and constitutes reasonably equivalent value under the Bankruptcy Code, the Uniform Fraudulent Transfer Act, the Uniform Fraudulent Conveyance Act, the Uniform Voidable Transactions Act and other laws of the United States, any state, territory, possession thereof or the District of Columbia. The Sale Transaction will provide a greater recovery for the Debtors' creditors with respect to the Purchased Assets than would be provided by any other practically available alternative. Taking into consideration all relevant factors and circumstances, no other entity has offered to purchase the Purchased Assets for greater total economic value to the Debtors or their estates.

O. Arm's Length Transaction and Buyer's Good Faith. The Sale Agreement was negotiated, proposed and entered into by the Debtors and the Buyer from arm's-length bargaining positions, without collusion, in good faith within the meaning of section 363(m) of the Bankruptcy Code. The Buyer is not an "insider" of the Debtors, as that term is defined in section 101(31) of the Bankruptcy Code. The Sale Agreement was not entered into for the purpose of hindering, delaying or defrauding creditors of the Debtors under the Bankruptcy Code or under the laws of the United States, any state, territory, possession thereof, or the District of Columbia. Neither the Debtors nor the Buyer have entered into the Sale Agreement or is consummating the Sale Transaction with any fraudulent or improper purpose.

P. No Sub Rosa Plan. The consummation of the Sale Transaction outside of a chapter 11 plan pursuant to the Sale Agreement neither impermissibly restructures the rights of the

Debtors' creditors nor impermissibly dictates the terms of a plan of reorganization or liquidation for the Debtors. The Sale Transaction does not constitute a sub rosa plan.

Q. No Liability Under Section 363(n). Neither the Debtors nor the Buyer has engaged in any conduct that would cause or permit the Sale Agreement to be avoided under section 363(n) of the Bankruptcy Code. Specifically, the Buyer has not acted in a collusive manner with any person and the purchase price was not controlled by any agreement with unrelated third parties.

R. Free and Clear Findings Required by the Buyer. The Purchased Assets constitute property of the Debtors' estates and title thereto is vested in the Debtors' estates within the meaning of section 541(a) of the Bankruptcy Code. The Buyer would not have entered into the Sale Agreement and would not consummate the Sale Transaction if the Purchased Assets were not being sold pursuant to section 363(f) of the Bankruptcy Code, free and clear, except for Assumed Liabilities expressly provided for by the Sale Agreement, of all liens, claims, encumbrances and interests to the fullest extent permitted by section 363(f) of the Bankruptcy Code and any other applicable law, including, without limitation, (i) all liens (statutory or otherwise), claims, mortgages, deeds of trust, pledges, charges, security interests, charges, rights of first refusal, hypothecations, encumbrances, royalties, easements, leases or subleases, rights-of-way, encroachments, restrictive covenants, restrictions on transferability or other similar restrictions, rights of offset or recoupment, subleases, leases or conditional sale arrangements (collectively, the "Liens"), (ii) all claims as defined in section 101(5) of the Bankruptcy Code, including all rights or causes of action (whether in law or in equity), proceedings, warranties, guarantees, indemnities, rights of recovery, setoff, recoupment, indemnity or contribution, obligations, demands, fines or penalties (including, without limitation, any fines, penalties or other regulatory action brought or asserted by any Governmental Unit (as defined in sections 101(27) and 101(41)

of the Bankruptcy Code)), restrictions, indemnification claims or liabilities relating to any act or omission of the Debtors or any other person prior to the closing, consent rights, options, contract rights, covenants and interests of any kind or nature whatsoever (known or unknown, matured or unmatured, accrued or contingent and regardless of whether currently exercisable), whether arising prior to or subsequent to the commencement of these chapter 11 cases, and whether imposed by agreement, understanding, law, equity or otherwise (collectively the "Claims"), and (iii) all debts, liabilities, obligations, covenants running with the land, including, with respect to executory leases, royalty agreements or other encumbrances the existence of which would be deemed to be a default under the applicable lease or otherwise in violation of applicable law, contractual rights and claims and labor, employment and pension claims, in each case, whether known or unknown, choate or inchoate, filed or unfiled, scheduled or unscheduled, noticed or unnoticed, recorded or unrecorded, perfected or unperfected, allowed or disallowed, contingent or non-contingent, liquidated or unliquidated, matured or un-matured, material or non-material, disputed or undisputed, whether arising prior to or subsequent to the commencement of these chapter 11 cases, and whether imposed by agreement, understanding, law, equity or otherwise (collectively the "Interests"). Except for Assumed Liabilities expressly provided for by the Sale Agreement, the Sale Transaction shall be free and clear of, and Buyer shall not be responsible for, any Liens, Claims or Interests, including, without limitation, in respect of the following: (i) any rights or Claims based on any successor or transferee liability, (ii) any Liens, Claims or Interests that purport to give to any party a right or option to effect any forfeiture, modification, right of first refusal, or termination of the Debtors' or the Buyer's interest in the Purchased Assets, or any similar rights; (iii) any labor or employment agreements; (iv) mortgages, deeds of trust and security interests; (v) intercompany loans and receivables between the Debtors or non-Debtor affiliates; (vi) any pension,

multiemployer plan (as such term is defined in Section 3(37) or Section 4001(a)(3) of ERISA), health or welfare, compensation or other employee benefit plans, agreements, practices and programs, including, without limitation, any pension plans of the Debtors or any multiemployer plan to which the Debtors have at any time contributed to or had any liability or potential liability; (vii) any other employee, worker's compensation, occupational disease or unemployment or temporary disability related claim, including, without limitation, claims that might otherwise arise under or pursuant to (a) the Employee Retirement Income Security Act of 1974, as amended, (b) the Fair Labor Standards Act, (c) Title VII of the Civil Rights Act of 1964, (d) the Federal Rehabilitation Act of 1973, (e) the National Labor Relations Act, (f) the Age Discrimination and Employment Act of 1967 and Age Discrimination in Employment Act, as amended, (g) the Americans with Disabilities Act of 1990, (h) the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended, including, without limitation, the requirements of Part 6 of Subtitle B of Title I of ERISA and Section 4980B of the Code and of any similar state law (collectively, "COBRA"), (i) the Worker Adjustment and Retraining Notification Act of 1988 and any state-law analogues, (j) state discrimination laws, (k) state unemployment compensation laws or any other similar state laws, or (l) any other state or federal benefits or claims relating to any employment with the Debtors or any of their predecessors; (viii) the Federal Mine Safety and Health Act of 1977 or its associated regulations; (ix) penalties of any kind whatsoever assessed against the Debtors by the United States Department of Labor's Mine Safety and Health Administration, the Pennsylvania Department of Environmental Protection and the United States Environmental Protection Agency; (x) any bulk sales or similar law; (xi) any tax statutes or ordinances, including, without limitation, the Internal Revenue Code of 1986, as amended, and any taxes arising under or out of, in connection with, or in any way relating to the operation of the Purchased Assets prior

to the closing; (xii) any executory contract or unexpired lease that will not be assumed and assigned pursuant to this Order and the Sale Agreement; and (xiii) any other liabilities not expressly assumed as provided in the Sale Agreement. A sale of the Purchased Assets other than one free and clear of all Liens, Claims, and Interests would yield substantially less value for the Debtors' estates, with less certainty, than the Sale Transaction as contemplated. Therefore, the Sale Transaction contemplated by the Sale Agreement free and clear of all Liens, Claims and Interests, except for Assumed Liabilities, is in the best interests of the Debtors, their estates and creditors, and all other parties in interest.

S. Satisfaction of 363(f) Standards. The Debtors may sell the Purchased Assets free and clear of all Liens, Claims and Interests of any kind or nature whatsoever, because, in each case, one or more of the standards set forth in sections 363(f)(1)-(5) of the Bankruptcy Code have been satisfied. Those holders of Liens, Claims and Interests who did not object (or who withdrew their objections) to the Sale Motion or the Sale Transaction are deemed to have consented to the Sale Motion and the Sale Transaction pursuant to section 363(f)(2) of the Bankruptcy Code. Except as specifically provided in the Sale Agreement or this Order, all persons and entities asserting or holding any Liens, Claims and Interests in or with respect to the Purchased Assets (whether legal or equitable, secured or unsecured, matured or unmatured, contingent or non-contingent, senior or subordinated), however arising, shall be forever barred, estopped, and permanently enjoined from asserting, prosecuting or otherwise pursuing such Liens, Claims, or Interests against the Buyer or the Purchased Assets.

T. Executory Contracts. Upon compliance with the assumption and assignment procedures set forth in the Bidding Procedures Order, as detailed more specifically in the *Second Amended Notice of Executory Contracts and Unexpired Leases that May be Assumed and Assigned*

in Connection with the Sale Transactions [Doc. No. 303] (as may be supplemented from time to time, the "Cure Notice"), the Debtors have demonstrated that it is an exercise of their sound business judgment to sell, assume and assign those Executory Contracts, set forth in the Sales Agreement, if any, to the Buyer in connection with the consummation of the Sale Transaction, and the assumption and assignment of Executory Contracts is in the best interests of the Debtors, their estates and creditors, and other parties in interest. Any Executory Contracts assigned to the Buyer are an integral part of the Purchased Assets being purchased by the Buyer, and, accordingly, such assumption and assignment of the Executory Contracts and the liabilities associated therewith are reasonable and enhance the value of the Debtors' bankruptcy estates.

U. Cure and Adequate Assurance. Upon compliance with the assumption and assignment procedures set forth in the Bidding Procedures Order and Cure Notice, including the resolution of any Assumption/Assignment Objections, the Buyer will have cured or demonstrated their ability to cure any default with respect to any act or omission that occurred prior to the closing under any of the Executory Contracts (to the extent also Assumed Liabilities), within the meaning of Section 365(b)(l)(A) of the Bankruptcy Code. Upon expiration of the applicable objection deadline, the proposed Cure Costs set forth in the Cure Notice or any other cure amount reached by agreement after an Assumption/Assignment Objection are deemed the amounts necessary to "cure" within the meaning of section 365(b)(l) of the Bankruptcy Code all "defaults" within the meaning of Section 365(b) of the Bankruptcy Code under such Executory Contracts. The final amount of all Cure Costs will be determined and paid pursuant to the terms of the Bidding Procedures Order, Cure Notice and the Sale Agreement. The Buyer's promise to perform the obligations under the relevant Executory Contracts, if any, arising after the closing shall constitute adequate assurance of its future performance of and under the relevant Executory Contracts, within

the meaning of sections 365(b)(l) and 365(f)(2) of the Bankruptcy Code. All counterparties to the Executory Contracts who do not file an Assumption/Assignment Objection consistent with the Bidding Procedures Order and Cure Notice are deemed to consent to the assumption by the Debtors of their respective Executory Contract and the assignment thereof to the Buyer. This Court finds that, with respect to all Executory Contracts, the payment of the Cure Costs (subject to compliance with the Bidding Procedures Order and Cure Notice, including the right to object) is appropriate and is deemed to fully satisfy the Debtors' obligations under section 365(b) of the Bankruptcy Code. This Court further finds that the Assumption/Assignment Procedures set forth in the Bidding Procedures Order and Cure Notice are reasonable and give contract counterparties adequate notice of and opportunity to respond to the proposed assumption and assignment of the Executory Contracts. Accordingly, upon compliance with the procedures set forth in the Bidding Procedures Order and Cure Notice, all of the requirements of section 365(b) of the Bankruptcy Code will be satisfied for the assumption and the assignment by the Debtors to the Buyer of each of the Executory Contracts under the Sale Agreement. To the extent any Executory Contract is not an executory contract within the meaning of section 365 of the Bankruptcy Code, it shall be transferred to the Buyer in accordance with the terms of this Order that are applicable to the Purchased Assets.

V. No Successor or Other Derivative Liability. By consummating the Sale Transaction pursuant to the Sale Agreement, the Buyer is not a mere continuation of any of the Debtors or any Debtor's estate, and there is no continuity of enterprise or otherwise or common identity between the Buyer and any Debtor. The Buyer is not holding itself out as a continuation of any Debtor. The Buyer is not a successor to any Debtor or any Debtor's estate by reason of any theory of law or equity, and the Sale Transaction does not amount to a consolidation, merger or de

facto merger of the Buyer and the Debtors or any of the Debtors' estates. Neither the Buyer nor any of its affiliates or their respective successors, assigns, members, partners, principals or shareholders (or the equivalent thereof) shall assume or in any way be responsible for any obligation or liability of any Debtor (or any affiliate of any Debtor) or any Debtor's estate, except to the extent expressly provided in the Sale Agreement. The sale and transfer of the Purchased Assets to the Buyer, including the assumption by the Debtors and assignment, transfer and/or sale to the Buyer of any of the Assumed Agreements, will not subject the Buyer to any liability with respect to the operation of the Debtors' businesses prior to the Closing or by reason of such transfer, except that, upon the Closing, the Buyer shall remain liable for the applicable Assumed Liabilities.

W. Legal and Factual Bases. The legal and factual bases set forth in the Sale Motion and at the Sale Hearing establish just cause for the relief granted herein.

X. Validity of Transfer. As of the closing, the transfer of the Purchased Assets to the Buyer will be a legal, valid and effective transfer of the Purchased Assets, and will vest the Buyer with all right, title and interest of the Debtors in and to the Purchased Assets, free and clear of all Liens, Claims and Interests, except to the extent provided in the Sale Agreement and this Order.

Y. Incorporation of Sale Hearing. All findings of fact and conclusions of law made or announced by the Court at the Sale Hearing are expressly adopted by, and incorporated in, this Order as if they had been fully set forth herein.

NOW, THEREFORE, IT IS ORDERED THAT:

1. Sale Motion Granted. The Sale Motion is hereby **GRANTED** as set forth herein.

2. Findings of Fact and Conclusions of Law. The findings of fact set forth above and conclusions of law stated herein shall constitute this Court's findings of fact and conclusions of

law pursuant to Bankruptcy Rule 7052, made applicable to this proceeding pursuant to Bankruptcy Rule 9014. To the extent any finding of fact later shall be determined to be a conclusion of law, it shall be so deemed and deemed so ordered, and to the extent any conclusion of law shall be determined to be a finding of fact, it shall be so deemed and deemed so ordered. In the event that the terms of this Order and the Bidding Procedures Order are in conflict, this Order will control.

3. Objections. All objections and responses, if any, to the sale of the Purchased Assets to the Buyer or related relief requested in Sale Motion that have not been withdrawn, waived or settled as announced to the Court at the Sale Hearing or by stipulation filed with the Court or pursuant to the terms of this Order, and all reservations of rights included therein, are hereby overruled on the merits, with prejudice. All persons and entities given notice of the Sale Motion that failed to timely object thereto are deemed to consent to the relief sought therein.

4. Approval of the Sale Agreement. The Sale Transaction and specific terms of the Sale Agreement are hereby authorized and approved pursuant to, *inter alia*, sections 105(a), 363(b) and 365(a) of the Bankruptcy Code. Pursuant to section 363(b) of the Bankruptcy Code, the Debtors are authorized to consummate the Sale Transaction pursuant to and in accordance with the terms and conditions set forth in the Sale Agreement and this Order. The Debtors, and their affiliates, officers, employees and agents, are authorized to execute, deliver and perform under, and otherwise consummate and implement, the Sale Agreement together with all additional instruments and documents that may be reasonably necessary or desirable to implement the Sale Agreement, and to take all further actions as may be (a) reasonably requested by the Buyer for the purpose of assigning, transferring, granting, conveying and conferring to the Buyer, or reducing to possession, the Purchased Assets, or (b) necessary or appropriate to the performance of the obligations contemplated by the Sale Agreement, including, without limitation, executing any

necessary or appropriate document or instrument, all without further consideration or order of the Court.

5. Good Faith. The Sale Transaction has been undertaken by the Buyer in good faith. The Buyer satisfies the good faith requirement of section 363(m) of the Bankruptcy Code and, accordingly, the Buyer and the Sale Transaction is entitled to all of the protections afforded by section 363(m) of the Bankruptcy Code. Pursuant to section 363(m) of the Bankruptcy Code, if any or all of the provisions of this Order are hereafter reversed, modified, or vacated by a subsequent order of this Court or any other court, such reversal, modification, or vacatur shall not affect the validity and enforceability of any sale, transfer or assignment under the Sale Agreement or obligation or right granted pursuant to the terms of this Order, and notwithstanding any reversal, modification or vacatur shall be governed in all respects by the original provisions of this Order or the Sale Agreement, as the case may be.

6. Transfer of Assets Free and Clear.

A. Pursuant to sections 105(a), 363(b), 363(f) and 365 of the Bankruptcy Code, the Debtors are authorized and directed to transfer the Purchased Assets in accordance with the terms of the Sale Agreement free and clear of all Liens, Claims, and Interests (except for Assumed Liabilities) to the fullest extent permitted by section 363(f) of the Bankruptcy Code and any other applicable law. The Purchased Assets shall be transferred to the Buyer, and upon consummation of the Sale Transaction, such transfer shall (1) be valid, legal, binding and effective; (2) vest the Buyer with all right, title and interest of the Debtors in the Purchased Assets; and (3) be free and clear of all Liens, Claims and Interests (except for Assumed Liabilities). All Liens, Claims and Interests shall attach to the net proceeds of the Sale Transaction, in the order of their priority and with the same validity, force and effect that they now have against the Purchased Assets, subject

to any rights, claims and defenses the Debtors or their estates, as applicable, may possess with respect thereto and applied in accordance with such priority and pursuant to any other Orders of this Court. Nothing herein is intended or shall be deemed to be an adjudication of the extent, validity, enforceability and/or priority of any conflicting or competing Liens, Claims or Interests with respect to the net proceeds of the Purchased Assets, and all rights are reserved with respect to the same. Upon the occurrence of the closing, this Order shall be considered and constitute for any and all purposes a full and complete general assignment, conveyance and transfer of the Purchased Assets acquired by the Buyer under the Sale Agreement transferring good, marketable and indefeasible title and interest in the Purchased Assets to the Buyer free and clear of all Liens, Claims and Interests (except for Assumed Liabilities). Each and every federal, state, and local governmental agency, quasi-agency, or department is hereby directed to accept any and all documents and instruments necessary and appropriate to consummate the Sale Transaction. All persons and entities are prohibited and enjoined from taking any action to adversely affect or interfere with the ability of the Debtors to transfer the Purchased Assets, free and clear of all Liens, Claims and Interests (except the Assumed Liabilities) to the Buyer in accordance with the Sale Agreement and this Order.

B. Except as otherwise provided in the Sale Agreement or this Order, all Governmental Units and all persons and entities (and their respective successors and assigns), including, without limitation, all debt security holders, equity security holders, governmental, tax and regulatory authorities, lenders, current and former employees, pension plans, multiemployer pension plans, labor unions, trade creditors and any other creditors holding Liens, Claims or Interests (whether legal or equitable, secured or unsecured, known or unknown, matured or unmatured, contingent or non-contingent, liquidated or unliquidated, senior or subordinated)

arising under or out of, in connection with, or in any way relating to, the Debtors, the Purchased Assets, or the transfer of the Purchased Assets to the Buyer, are hereby forever barred, estopped and permanently enjoined from asserting or pursuing any Liens, Claims or Interests (except for Permitted Encumbrances and Assumed Liabilities) against the Buyer, its affiliates, successors or assigns, its property or the Purchased Assets, including, without limitation, taking any of the following actions with respect to a Claim: (1) commencing or continuing, in any manner, any action or other proceeding against the Buyer, its affiliates, successors or assigns, assets (including the Purchased Assets) or properties; (2) enforcing, attaching, collecting or recovering, in any manner, any judgment, award, decree, or order against the Buyer, its affiliates, successors or assigns, assets, or properties; (3) creating, perfecting, or enforcing any liens, claims, encumbrances or other interests against the Debtors as against the Buyer, or its affiliates, successors, assigns, assets (including the Purchased Assets) or properties; (4) asserting any setoff, right of subrogation or recoupment of any kind for any obligation of any of the Debtors as against any obligation due to the Buyer, or its affiliates, successors or assigns or their respective assets, including the Purchased Assets; (5) commencing or continuing any action, in any manner or place, that does not comply, or is inconsistent with, the provisions of this Order or the agreements or actions contemplated or taken in respect thereof; or (6) denying, refusing, delaying or otherwise frustrating the transfer or assignment of any permits, licenses, or other approvals previously held by the Debtors that were necessary for the Purchased Assets.

C. This Order: (1) shall be effective as a determination that, as of the closing, all Liens, Claims and Interests (except for Assumed Liabilities), have been unconditionally released, discharged and terminated as to the Buyer and the Purchased Assets, and that the conveyances and transfers described herein have been effected; and (2) is and shall be binding

upon and govern the acts of all persons and entities, including all filing agents, filing officers, title agents, title companies, recorders of mortgages, recorders of deeds, registrars of deeds, administrative agencies, governmental departments, secretaries of state, federal and local officials and all other persons and entities who may be required by operation of law, the duties of their office, or contract, to accept, file, register or otherwise record or release any documents or instruments, or who may be required to report or insure any title or state of title in or to any lease; and each of the foregoing persons and entities is hereby directed to accept for filing any and all of the documents and instruments necessary and appropriate to consummate the Sale Transaction.

D. Upon the closing, each of the Debtors' creditors and any other holder of a Lien, Claim or Interest is authorized and directed to execute such documents and take all other actions as may be necessary to release its Lien, Claim or Interest in the Purchased Assets (other than Assumed Liabilities), if any, as such Lien, Claim or Interest may have been recorded or may otherwise exist. If any person or entity that has filed financing statements, mortgages, deeds of trust, mechanic's liens, lis pendens or other documents or agreements evidencing Liens, Claims or Interests against the Debtors or the Purchased Assets has not delivered to the Debtors prior to the closing of the Sale Transaction, in proper form for filing and executed by the appropriate parties, termination statements, instruments of satisfaction, releases of all interests which the person or entity has with respect to the Debtors or the Purchased Assets or otherwise, then with regard to the Purchased Assets that are purchased by the Buyer pursuant to the Sale Agreement and this Order: (1) the Debtors are hereby authorized, and the Buyer is hereby authorized, to execute and file such statements, instruments, releases and other documents on behalf of the person or entity with respect to the Purchased Assets; and (2) the Buyer is hereby authorized to file, register or otherwise record a certified copy of this Order, which, once filed, registered or otherwise recorded, shall constitute

conclusive evidence of the release of all Liens, Claims and Interests (except for Permitted Encumbrances and Assumed Liabilities) against the Purchased Assets. Each and every federal, state, and local governmental agency or department is hereby directed to accept any and all documents and instruments necessary and appropriate to consummate the Sale Transaction, including, without limitation, recordation of this Order. This Order is deemed to be in recordable form sufficient to be placed in the filing or recording system of each and every federal, state or local government agency, department or office. This Order shall be binding upon and shall govern the acts of all persons including, without limitation, all filing agents, filing officers, title agents, title companies, recorders of mortgages, recorders of deeds, registrars of deeds, administrative agencies, governmental departments, secretaries of state, federal, state, and local officials, and all other persons who may be required by operation of law, the duties of their office, or contract, to accept, file, register, or otherwise record or release any documents or instruments, or who may be required to report or insure any title or state of title in or to any of such assets or other property interests. Notwithstanding and without limiting the foregoing, the provisions of this Order authorizing the sale and assignment of the Purchased Assets free and clear of Liens, Claims and Interests (except for Permitted Encumbrances and Assumed Liabilities), shall be self-executing, and neither the Debtors nor the Buyer shall be required to execute or file releases, termination statements, assignments, consents, or other instruments in order to effectuate, consummate and implement the provisions of this Order.

E. Following the closing of the Sale Transaction, no holder of any Claim shall interfere with the Buyer's title to or use and enjoyment of the Purchased Assets based on or related to any such Claim or based on any actions the Debtors may take in their chapter 11 cases.

7. Provisions Regarding DEP. Notwithstanding the foregoing or anything to the contrary herein, Buyer has agreed to grant to the Pennsylvania Department of Environmental Protection ("DEP") or its designee a limited license to reasonably use three pieces of equipment ("Licensed Equipment") which are part of the Purchased Assets subject to terms and conditions acceptable to the parties and memorialized in a separate agreement. "Licensed Equipment" means only the following Purchased Assets:

#	Location 2	Asset Class	Asset #	Description	Mfg Serial No	Manufacturer	Model - Year
121	Blue Lick #4 Mine	Vehicles	VE11	Vacuum Truck	1HTXRAPT9BJ267051	International Paystar	2010
122	Blue Lick #4 Mine	Vehicles	VE10	Vacuum Truck	1HTXRAPTXBJ270251	International Paystar	2010
723	Walker Mine (-Zubek)	Misc Equip	C202	Rough Terrain Crane	46907	Grove	1980 RT740

8. Surrender of Possession. All entities that are currently, or on the closing may be, in possession of some or all of the Purchased Assets are hereby directed to surrender possession of the Purchased Assets to the Buyer on the closing under its Sale Agreement, unless the Buyer otherwise agrees.

9. Environmental Matters. Nothing in this Order or the Sale Agreement releases, nullifies, precludes, or enjoins the enforcement of any valid police or regulatory liability to a Governmental Unit that any entity would be subject to as the post-sale owner or operator of property after the date of entry of this Order. Nothing in this Order or the Sale Agreement authorizes the transfer or assignment of any governmental (a) license, (b) permit, (c) registration, (d) authorization or (e) approval, or the discontinuation of any obligation thereunder, without compliance with all applicable legal requirements and approvals under police or regulatory law. Nothing in this Order divests any tribunal of any jurisdiction it may have under police or regulatory law to interpret this Order or to adjudicate any defense asserted under this Order. Notwithstanding the foregoing, nothing in this Order shall: (i) be interpreted to deem the Buyer as the successor to the Debtors under any successor liability doctrine with respect to any liabilities under

environmental statutes or regulations for penalties for days of violation prior to the closing or for liabilities relating to off-site disposal of waste by the Debtors prior to the closing; (ii) create for any Governmental Unit any substantive right that does not already exist under law; (iii) be deemed or construed to be an admission of liability by the Debtors or Buyer; or (iv) create or trigger any liability on behalf of Buyer on account of or in any way relating to the Excluded Permits.

10. Assumption and Assignment of Executory Contracts.

A. This Paragraph 9 is applicable only to the extent Buyer has agreed to and is assuming any Executory Contracts under and pursuant to the Sale Agreement. Upon compliance with the procedures set forth in the Bidding Procedures Order and the Cure Notice regarding the assumption and assignment of Executory Contracts (including the resolution of any objections thereto), without further order of the Court, the Debtors are authorized to assume and assign the Executory Contracts designated for assignment to the Buyer pursuant to the Sale Agreement; *provided*, *however*, that there shall be no assumption of any such contract or lease absent simultaneous assignment thereof to the Buyer. Upon assumption and assignment, the Buyer shall be deemed to be substituted for the Debtors as a party to each of the Executory Contracts and, pursuant to section 365(k) of the Bankruptcy Code, the Debtors and their estates shall be relieved from any liability for any post-closing breach of any such Executory Contract after assignment of such Executory Contract to the Buyer. In accordance with sections 365(b)(2) and (f) of the Bankruptcy Code, upon transfer of the Executory Contracts to the Buyer, (i) the Buyer shall have all of the rights of the Debtors thereunder, free and clear of all Liens, Claims and Interests, (except for Permitted Encumbrances and Assumed Liabilities), and each provision of such Executory Contracts shall remain in full force and effect for the benefit of the Buyer, notwithstanding any provision in such contract, lease or in applicable law that prohibits, restricts or limits in any way

such assignment or transfer; and (ii) none of the Executory Contracts may be terminated, or the rights of any party modified in any respect, including pursuant to any "change of control" clause, by any other party thereto as a result of the consummation of the Sale Transaction.

B. Subject to applicable provisions of section 365 of the Bankruptcy Code, compliance with the procedures set forth in the Bidding Procedures Order, Cure Notice governing the assumption and assignment of Executory Contracts (including resolution of any objections), the Sale Agreement and the respective terms thereof with respect to Cure Costs, without further order of the Court, all defaults or other obligations of the Debtors under the Executory Contracts arising or accruing prior to the closing will be deemed cured or shall be promptly cured in accordance with the terms hereof as a condition precedent to the assumption and assignment of the respective Executory Contracts (and without such a cure the Buyer shall have no rights in or to the respective Executory Contracts).

C. Upon transfer of the applicable Executory Contracts to the Buyer, without further order of the Court, there shall be no rent accelerations, assignment fees, increases or any other fees charged or chargeable to the Buyer as a result of the assumption, assignment and sale of the Executory Contracts. Any provision in any Executory Contract that prohibits or conditions the assignment of such contract or lease, or allows the counterparty to such contract or lease to terminate, recapture, impose any penalty, condition renewal or extension, or modify any term or condition upon the assignment of such contract or lease, constitutes an unenforceable anti-assignment provision, and is void and of no force and effect. The validity of the assumption, assignment and sale of the Executory Contracts to the Buyer shall not be affected by any existing dispute between the Debtors and any counterparty to an Executory Contract.

11. Permanent Injunction. All persons and entities are prohibited and enjoined from taking any action to adversely affect or interfere with the ability of the Debtors to transfer the Purchased Assets to the Buyer in accordance with the Sale Agreement and this Order. Following the closing, except for persons entitled to enforce Assumed Liabilities, or otherwise permitted by the Sale Agreement or this Order, all persons (including, but not limited to, (i) the Debtors and/or their respective successors (including any trustee), (ii) creditors, (iii) investors, (iv) current and former employees and shareholders, (v) administrative agencies, (vi) Governmental Units, (vii) secretaries of state, (viii) federal, state, and local officials, including those maintaining any authority relating to any environmental, health and safety laws, and (ix) the successors and assigns of each of the foregoing) holding Liens, Claims or Interests in the Purchased Assets or against the Debtors with respect to the Purchased Assets of any kind or nature whatsoever shall be, and hereby are, forever barred, estopped, and permanently enjoined from asserting, prosecuting, or otherwise pursuing any Liens, Claims or Interests of any kind or nature whatsoever against the Buyer or any affiliate of the Buyer or any of its respective property, successors and assigns, or the Purchased Assets, as an alleged successor or on any other grounds. No person shall assert, and the Buyer and the Purchased Assets shall not be subject to, any defaults, breaches, counterclaims, offsets, defenses (whether contractual or otherwise, including, without limitation, any right of recoupment), liabilities, claims and interests, or basis of any kind or nature whatsoever to delay, defer, or impair any right of the Buyer or the Debtors, or any obligation of any other party, under or with respect to, any Purchased Assets, with respect to any act or omission that occurred prior to the closing or with respect to any other agreement or any obligation of the Debtors that is not an Assumed Liability.

12. No Interference. Following the closing, no holder of any Lien, Claim or Interest in the Purchased Assets (except holders of Permitted Encumbrances and Assumed Liabilities solely in accordance with applicable law) shall interfere with the Buyer's title to, or use and enjoyment of, the Purchased Assets based on, or related to, any such Lien, Claim or Interest, or based on any actions the Debtors may take in these cases.

13. Post-Closing Actions and Transactions. The Debtors and the Buyer, and each of their respective officers, employees, and agents, will be authorized and empowered to take all actions and execute and deliver any and all documents and instruments that either the Debtors or the Buyer deems necessary or appropriate to implement and effectuate the terms of the Sale Agreement and this Order. Further, effective as of the closing, the Buyer and its respective successors and assigns shall be designated and appointed the Debtors' true and lawful attorney and attorneys, with full power of substitution, in the Debtors' name and stead, its successors and assigns, to demand and receive any and all of the Purchased Assets, and from time to time institute and prosecute in the name of the Buyer, for the benefit of such Buyer, its successors and assigns, any and all proceedings at law, in equity, or otherwise, that such Buyer, its successors or assigns, may deem proper for the collection or reduction to possession of any of the Purchased Assets, and to do all acts and things with respect to the Purchased Assets that the Buyer, its successors and assigns, shall deem desirable. All of the foregoing powers granted to the Buyer are coupled with an interest and are irrevocable by the Debtors.

14. Operation by Buyer. To the extent provided for in the Sales Agreement, and in such event to the maximum extent available under applicable law: (a) the Buyer shall be authorized, as of the closing, to operate under any license, permit, registration, and any other governmental authorization or approval of the Debtors with respect to the Purchased Assets and

the Executory Contracts; (b) all such licenses, permits, registrations, and governmental authorizations and approvals are deemed to have been, and hereby are, directed to be transferred to the Buyer as of the closing; and (c) to the extent provided by section 525 of the Bankruptcy Code, no Governmental Unit may deny, revoke, suspend or refuse to renew any permit, license, or similar grant relating to the operation of the Purchased Assets sold, transferred or conveyed to the Buyer on account of the filing or pendency of these chapter 11 cases or the consummation of the Sale Transaction contemplated by the Sale Agreement. Notwithstanding the foregoing, nothing herein is intended or shall be deemed to relieve the Buyer from having to comply with any requirements or approval process under applicable non-bankruptcy law with respect to the transfer of any governmental license or permit.

15. Enforcement. The terms and provisions of the Sale Agreement and this Order, and the Sale Transaction contemplated thereby and hereby, shall, as applicable, be specifically enforceable against and be binding in all respects upon, or shall inure to the benefit of, the Debtors, their estates, their creditors (known and unknown), counterparties to Executory Contracts, any Governmental Unit which regulates the Debtors' business, the Buyer, and their respective affiliates, successors and assigns, and any affected third parties, including all entities asserting any Liens, Claims or Interests, notwithstanding any subsequent appointment of any trustee, examiner or receiver of the Debtors under any chapter of the Bankruptcy Code or any other law, and all such terms and provisions likewise shall be binding on and specifically enforceable against such trustee, examiner or receiver, and shall not be subject to rejection or avoidance by the Debtors, their estates, their creditors, any other representatives of their estates, or any trustee, examiner or receiver.

16. No Successor Liability.

A. Except for the Assumed Liabilities and Cure Costs, to be paid solely to the extent provided for in the Sale Agreement and this Order, neither the Buyer, nor any of its respective successors, assigns, agents, employees, managers, members, officers, directors, attorneys, or affiliates shall have any liability for any Lien, Claim or Interest that (i) arose or occurred prior to the closing, (ii) could have otherwise been asserted against the Debtors prior to the closing, or (iii) is related to the Purchased Assets prior to the closing. The Buyer is not and shall not be deemed a "successor" to the Debtors or their estates, have, de facto or otherwise, merged with or into the Debtors or be a mere continuation or substantial continuation of the Debtors or the enterprise of the Debtors under any theory of law or equity as a result of any action taken in connection with the Sale Agreement or the Sale Transaction or documents ancillary thereto or contemplated thereby or in connection with the acquisition of the Purchased Assets.

B. Without limiting the foregoing, and except to the extent of the Assumed Liabilities, or as otherwise set forth in the Sale Agreement or this Order, the Buyer shall not have any successor, transferee, derivative, or vicarious liabilities of any kind or character for any Liens, Claims or Interests, including under any theory of successor or transferee liability, de facto merger or continuity, whether known or unknown as of the closing, now existing or hereafter arising, whether fixed or contingent, asserted or unasserted, liquidated or unliquidated, with respect to of any of the following: (i) any foreign, federal, state, or local revenue, pension, ERISA, tax, labor, employment, antirust, environmental, or other law, rule, or regulation (including without limitation filing requirements under any such laws, rules or regulations); (ii) any products liability law, rule, regulation, or doctrine with respect to the Debtors' liability under such law, rule or regulation, or doctrine, or under any product warranty liability law or doctrine; (iii) any employment or labor

agreements, consulting agreements, severance arrangements, change-in-control agreements, or other similar agreement to which the Debtors are a party; (iv) any pension, welfare, compensation, or other employee benefit plans, agreements, practices, and programs, including, without limitation, any pension plan of the Debtors; (v) the cessation of the Debtors' operations, dismissal of employees, or termination of employment or labor agreements or pension, welfare, compensation, or other employee benefit plans, agreements, practices and programs, or obligations that might otherwise arise from or pursuant to any statute or regulation including but not limited to the (a) Employee Retirement Income Security Act of 1974, as amended, (b) the Fair Labor Standards Act, (c) Title VII of the Civil Rights Act of 1964, (d) the Federal Rehabilitation Act of 1973, (e) the National Labor Relations Act, (f) the Age Discrimination and Employment Act of 1967, (g) the Americans with Disabilities Act of 1990, (h) the Worker Adjustment and Retraining Notification Act of 1988 and any state-law analogues, (i) COBRA, (j) the Federal Mine Safety and Health Act of 1977 or (k) the Black Lung Benefits Act of 1972; (vi) environmental liabilities, debts, Claims, or obligations arising from conditions first existing on or prior to the closing (including, without limitation, the presence of hazardous, toxic, polluting, or contamination substances or wastes), which may be asserted on any basis by any person, entity or Governmental Unit, including, without limitation, under the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. § 9601 et seq.; (vii) any liabilities, debts, or obligations of or required to be paid by the Debtors for any taxes of any kind for any period; (viii) any liabilities, debts, commitments, or obligations for any taxes relating to the operation of the Purchased Assets prior to the closing; (ix) any bulk sale law; and (x) any litigation.

17. Bulk Sales. No bulk sales law, bulk transfer law or similar law of any state or other jurisdiction shall apply in any way to the Sale Transaction.

18. Fair Consideration. The consideration provided by the Buyer for the Purchased Assets under the Sale Agreement shall be deemed to constitute reasonably equivalent value and fair consideration under the Bankruptcy Code and the laws of the United States, any state, territory, possession, or the District of Columbia. The Sale Transaction may not be avoided under section 363(n) of the Bankruptcy Code. The Sale Agreement was not entered into, and the Sale Transaction is not being consummated, for the purpose of hindering, delaying, or defrauding creditors of the Debtors under the Bankruptcy Code or under the laws of the United States, any state, territory, possession thereof, or the District of Columbia, or any other applicable law. Neither the Debtors nor the Buyer have entered into the Sale Agreement or any agreement contemplated thereby or is consummating the Sale Transaction with any fraudulent or otherwise improper purpose, including, without limitation, to evade any pension liabilities. No other person or entity or group of persons or entities has offered to purchase the Purchased Assets for an amount or on terms that would provide greater value to the Debtors and their estates than the value provided by the Buyer. The Court's approval of the Sale Motion and the Sale Agreement is in the best interests of the Debtors, their estates and creditors, and all other parties in interest.

19. Retention of Jurisdiction. This Court retains jurisdiction, pursuant to its statutory powers under 28 U.S.C. § 157(b)(2), to, among other things, interpret, implement, and enforce the terms and provisions of this Order, all amendments thereto, and any waivers and consents thereunder, including, but not limited to, retaining jurisdiction to (i) compel delivery of the Purchased Assets to the Buyer; (ii) interpret, implement, and enforce the provisions of this Order; (iii) protect the Buyer, any of the Buyer's affiliates, or any agent of the foregoing, against any Liens, Claims or Interests against the Debtors or the Purchased Assets of any kind or nature

whatsoever, except for Assumed Liabilities and (iv) enter any order under sections 363 and 365 of the Bankruptcy Code.

20. Subsequent Plan Provisions. Nothing contained in any chapter 11 plan confirmed in any Debtor's bankruptcy case or any order confirming any such plan or in any other order in these chapter 11 cases shall alter, conflict with, or derogate from, the provisions of the Sale Agreement or this Order.

21. Modification. The Sale Agreement may be modified, amended or supplemented by the Buyer and the Debtors in a writing signed by both parties without further order of the Court; provided that any such modification, amendment or supplement does not materially change the terms of the Sale Agreement or modify the express terms of this Order.

22. Survival. Nothing contained in any subsequent order of this Court or any court of competent jurisdiction in these chapter 11 cases (or any order entered after any conversion of a chapter 11 case of the Debtors to a case under chapter 7 of the Bankruptcy Code) or any chapter 11 plan confirmed in any Debtors' bankruptcy cases or any order confirming any such plan, or any order dismissing any cases of the Debtors shall nullify, alter, conflict with, or in any manner derogate from the provisions of this Order, and the provisions of this Order shall survive and remain in full force and effect. For the avoidance of doubt, if the Debtors' chapter 11 cases are converted to cases under chapter 7 of the Bankruptcy Code, the Order shall be binding on the chapter 7 trustee in such chapter 7 cases.

23. Failure to Specify. The failure to specifically include any particular provision of the Sale Agreement in this Order shall not diminish or impair the effectiveness of such provision, it being the intent of the Court, the Debtors and the Buyer that the Sale Agreement be authorized

and approved in its entirety with such amendments thereto (subject to Paragraph 20) as may be made by the parties in accordance with the Sale Transaction and the terms of the Sale Agreement.

24. Automatic Stay. The automatic stay pursuant to section 362 of the Bankruptcy Code is hereby lifted with respect to the Debtors to the extent necessary, without further order of this Court, to allow: (a) Buyer to give the Debtors any notice provided for in the Sale Agreement, and (b) Buyer to take any and all actions provided under or contemplated by the Sale Agreement in accordance with the terms and conditions thereof.

25. Appointment of Trustee. The provisions of the Sale Agreement and this Order may be specifically enforced in accordance with the Sale Agreement notwithstanding the appointment of any chapter 7 or chapter 11 trustee after the closing of the Sale Transaction.

26. Sureties Reservation of Rights. Certain commercial surety companies (collectively, the "Sureties" and each, individually, a "Surety"), including without limitation Indemnity National Insurance Company ("INIC"), have issued commercial surety bonds on behalf of the Debtors that relate to the Purchased Assets (collectively, the "Existing Surety Bonds" and, each individually, an "Existing Surety Bond"). These Existing Surety Bonds were issued pursuant to certain existing indemnity agreements and/or related agreements by and between the Sureties, on the one hand, and the Debtors on the other hand and relate to the Purchased Assets (collectively, the "Existing Indemnity Agreements" and, each, an "Existing Indemnity Agreement").

27. Debtor, Wilson Creek Energy, LLC, granted to INIC, pursuant to that certain Security Agreement (Account) and Control Agreement (collectively, the "INIC Collateral Documents"), a lien and security interest in that certain Securities Account No. XXX-XX2017 maintained at Morgan Stanley Smith Barney, LLC (the "INIC Collateral Account") to secure the Debtors' obligations to INIC under the INIC Collateral Documents, the Existing Indemnity

Agreement with INIC, and the Existing Surety Bonds issued by INIC (collectively, the "INIC Obligations"). Notwithstanding anything else in this Order or the Sale Agreement to the contrary, the INIC Collateral Account is not a Purchased Asset under the Sale Agreement and has not been acquired by any Buyer.

28. If the closing of the Sale Transaction occurs prior to (i) the Buyer's procurement of new operating permits, either replaced or transferred (the "Replacement Permits") with respect to the existing permits that constitute Purchased Assets (the "Existing Permits"), if any, and (ii) the replacement of all Existing Surety Bonds with new surety bonds in connection with the Existing Permits (collectively, the "Replacement Surety Bonds"), the Buyer hereby indemnifies the Debtors and the Sureties from and against any and all claims, liability, loss or default that occur prior to issuance of the Replacement Permits and the Replacement Surety Bonds as a result of Buyer's operation of, or failure to operate, the Existing Permits, including without limitation, for any claims actions, or premiums due on account of, any Existing Surety Bond.

29. With respect to each Surety, upon the (a) issuance of the Replacement Permits, (b) execution of the Replacement Indemnity Agreements and (c) termination and/or release of all Existing Surety Bonds, (d) satisfaction of all payment and performance obligations under the Existing Indemnity Agreements in accordance with Paragraph 26, the Debtors shall have no further obligations to the Sureties under the Existing Indemnity Agreements on account of the Purchased Assets or any obligations related thereto; provided, however, that nothing in this Paragraph or this Order shall be deemed to alter, limit or affect any rights or claims of the Sureties or any applicable state or regulatory authority, in respect of any asset, permit or other obligation not transferred or assumed by the Buyer.

30. Nothing herein or in the Sale Agreement shall be deemed to provide a Surety's consent to the involuntary substitution of any principal under any Existing Surety Bond or Existing Indemnity Agreement, nor shall it be deemed to provide for the non-consensual assumption or assignment of any Existing Surety Bond or Existing Indemnity Agreement.

31. The Buyer shall not be (a) liable for any Existing Surety Bonds and/or obligations arising under the Existing Indemnity Agreements to the extent they relate to any assets that are not transferred to the Buyer or (b) except as set forth in Paragraph 27 above, deemed a substitute principal under any Existing Surety Bond or an indemnitor under any Existing Indemnity Agreement.

32. INIC is hereby granted relief from the automatic stay, pursuant to section 362 of the Bankruptcy Code, as to the INIC Collateral Account, and is hereby authorized to exercise control over the INIC Collateral Account, to liquidate the securities and other collateral contained therein (the "INIC Collateral"), and to utilize the INIC Collateral for all purposes provided for in the INIC Collateral Documents and the Existing Indemnity Agreement with INIC. In the event that any INIC Collateral remains after full satisfaction of the INIC Obligations, INIC shall return such excess INIC Collateral to the Debtors or such other party entitled to the Debtors' assets as set forth in an order of this Court.

33. For the avoidance of doubt, nothing in this Order, the Sale Agreement, or otherwise shall be deemed to: (a) alter, limit, expand, modify, release, waive or prejudice any rights, remedies and/or defenses of any Surety under any Existing Surety Bond relating to any assets, obligations or liabilities to be transferred to Buyer, including, without limitation, mining permits, surface and coal leases and mine-related facilities and other contractual obligations; (b) alter, limit, expand, modify, prejudice, release or waive any rights of such Sureties under any Existing Surety Bond or

Existing Indemnity Agreement; (c) alter, limit, expand, modify, prejudice, waive or release any rights of such sureties in any and all collateral of such Surety or Sureties that secures any and all obligations of the Debtors or any non-Debtor under any Existing Surety Bonds or Existing Indemnity Agreements; or (d) alter, limit, expand, modify, prejudice, waive or release any rights of the Sureties in connection with any of the Debtors' chapter 11 cases or any case under Title 11 of the United States Code.

34. Nothing in the Order, the Sale Agreement, or any other document or agreement executed in connection with or contemplated under the Sale Agreement, including, without limitation, any releases included therein, shall be deemed to alter, limit, modify or release any right, claim or interest of the Sureties under any Existing Surety Bond or Existing Indemnity Agreement, its indemnity agreements or in its collateral, and all such rights and claims are expressly reserved and preserved in all respects.

35. Notwithstanding the Sureties Reservation of Rights, nothing herein shall reduce, limit, or otherwise modify the rights of the Debtors under any agreement with the Sureties, including, without limitation, to INIC.

36. Order Immediately Enforceable. Notwithstanding the provisions of Bankruptcy Rules 6004(h) and 6006(d) or any provisions of the Local Rules, this Order shall not be stayed for fourteen (14) days after its entry, and shall be effective immediately upon entry, and the Debtors and the Buyer are authorized to close the Sale Transaction immediately upon entry of this Order. Time is of the essence in closing the Sale Transaction referenced herein, and the Debtors and the Buyer intend to close the Sale Transaction as soon as practicable. This Order is a final order and the period in which an appeal must be filed shall commence upon the entry of this Order.

37. Conflicts. Except as otherwise set forth herein, in the event of a direct conflict between the terms of this Order and the terms of (a) the Sale Agreement, or (b) any other order of this Court, the terms of this Order shall govern and control.

38. No Waiver. Except as otherwise expressly set forth herein, nothing in this Order shall modify or waive any closing conditions or termination rights in the Sale Agreement, and all such conditions and rights shall remain in full force and effect in accordance with their terms.

39. Time Periods. All time periods set forth in this Order shall be calculated in accordance with Bankruptcy Rule 9006(a).

40. Non-severability. The provisions of this Order are non-severable and mutually dependent.

8.8. No Successor Liability. Pursuant to the Sale Order and in accordance with Section 363(f) of the Bankruptcy Code, upon the Closing, Purchaser shall not be deemed to: (a) be the successor of or successor employer (as described under any applicable Legal Requirement) to the Seller, including, with respect to any Employee Plans, or under the Coal Act, and any common law successor liability (b) have, de facto, or otherwise, merged with or into the Seller, (c) be a mere continuation or substantial continuation of Seller or the enterprise(s) of the Seller, or (d) other than as expressly set forth in this Agreement, be liable for any acts or omissions of Seller in the current or former conduct of the Business or arising under or related to the Purchased Assets or any other assets. Without limiting the generality of the foregoing, and except as otherwise expressly provided in this Agreement, Purchaser shall not be liable for any Liens, Encumbrances or Liabilities (other than Assumed Liabilities) against or of Seller or any of its predecessors or Affiliates or any of its or their assets (including any of the Purchased Assets), and Purchaser shall have no successor or vicarious liability of any kind or character whether known or unknown as of the Closing Date, or whether fixed or contingent, whether now existing or hereafter arising, with respect to the Business, the Purchased Assets or any Liabilities of Seller arising prior to or after the Closing Date.

8.9 Survival of Representations; Limitation of Liability Post-Closing. The representations and warranties in this Agreement made by Sellers will survive the Closing until the six (6) month anniversary of the Closing Date (the "Survival Period"). Any claim ("Post-Closing Claim") for breach of any representation or warranty of Sellers shall be brought, if at all, within the Survival Period or thereafter be barred. In no event will Sellers' aggregate liability for all such breaches exceed, in the aggregate, the Post-Closing Holdback Amount. Sellers shall have no liability with respect to any of Sellers' representations and warranties herein if, prior to the Closing, Purchaser has actual knowledge of any breach or inaccuracy of a representation or warranty of Sellers herein, or the inclusion of any information in or written disclosure by Sellers or Sellers' agents that contradicts any of Seller's representations and warranties herein, and Purchaser nevertheless consummates the transaction contemplated by this Agreement.

8.10 Post-Closing Holdback Amount. As security for any liability of, or amounts owed by, Sellers after Closing due to a breach of any representation or warranty of Sellers, Sellers agree that, until the later of (i) the expiration of the Survival Period, or (ii) if a Post-Closing Claim is made by Purchaser prior to the expiration of the Survival Period, until the resolution of such Post-Closing Claim (which, in the event litigation is commenced, shall be a final non-appealable order of a court of competent jurisdiction), Sellers or its counsel shall retain the Post-Closing Holdback Amount from the cash proceeds received from the sale of assets sold to Rosebud Mining Company at the Auction and shall not make any disbursements, distributions, or payments to creditors, claimants, or any other parties.

ARTICLE IX
TERMINATION AND EFFECT

9.1 Termination. This Agreement may be terminated at any time before the Closing as follows:

(a) By Seller, by written notice to Purchaser if the Closing has not occurred by the date as required by Sale Order confirming and approving the transactions contemplated hereby.

(b) By mutual written consent of Seller and Purchaser.

(c) Automatically, upon the occurrence of the consummation of any transaction (regardless of the form thereof) involving a sale of all or any substantial portion of the Purchased Assets by Seller to a purchaser or purchasers other than Purchaser via an Alternative Transaction.

9.2 Effect of Termination; Liquidated Damages.

(a) If this Agreement is terminated by Seller pursuant to Section 9.1(a), then notwithstanding anything to the contrary in this Agreement, Seller shall be permitted to offset $700,000.00 of principal and accrued interest against the balance owed to the Purchaser under the DIP as liquidated damages which, the parties agree, shall be Seller's sole and exclusive (legal or equitable) remedy against Purchaser.

(b) If this Agreement is terminated pursuant to Section 9.1(b), or terminated automatically pursuant to Section 9.1(c), then Seller shall have not offset rights to the DIP Loans.

ARTICLE X

MISCELLANEOUS PROVISIONS

10.1 Confidentiality. Following the Closing, Seller agrees not to, and to cause its agents and representatives not to, use or disclose any confidential or non-public information concerning the Purchased Assets or the Business, or the business affairs of Purchaser and its Affiliates or the Assumed Liabilities ("Confidential Information") except disclosure of Confidential Information that (a) is lawfully obtained after Closing from a source that, to the knowledge of Seller, was not under an obligation of confidentiality to Purchaser with respect to such information, (b) is independently developed by Seller without violating any of its obligations under this Agreement, (c) is or becomes available to the public without any breach by Seller of the terms of this Agreement, (d) is or may be necessary to wind down any of Seller's estates, or in connection with the enforcement of the rights of, or the defense of any Proceeding against or involving, Seller provided that, in each case, the Confidential Information is afforded confidential treatment, (e) to the extent it relates to any Retained Assets and/or Retained Liabilities, or (f) is or may be necessary in connection with the Bankruptcy Cases provided that the Confidential Information is afforded confidential treatment. Notwithstanding the foregoing, Seller may disclose Confidential Information if Seller believes (after consultation with counsel) it is legally required to make such disclosure in order to comply with Legal Requirements, regulation, rule or legal, judicial or administrative process (including any rule, regulation or policy statement of (i) any self-regulatory organization of which a party is a member) or (ii) in connection with the Bankruptcy Cases. If Seller or any of its agents or representatives becomes required (including by deposition, interrogatory, request for documents, subpoena, civil investigative demand or similar process) or it becomes necessary in connection with the Bankruptcy Cases to disclose any of the Confidential Information, Seller or such agents or representatives shall use reasonable efforts to provide Purchaser with prompt notice, to the extent allowed by law, rule and regulation, of such requirement, and, to the extent reasonably practicable, cooperate with Purchaser, at the Purchaser's expense, to obtain a protective order or similar remedy to cause such information not to be disclosed, including interposing all available objections thereto, such as objections based on settlement privilege; provided, that, in the event that such protective order or other similar remedy

is not obtained, Seller shall, or shall cause such agents or representatives to, furnish only that portion of such information that has been legally compelled, and shall, or shall cause its agents or representatives (as applicable) to, exercise its commercially reasonable efforts, at the Purchaser's expense, to obtain assurance that confidential treatment will be accorded such disclosed information.

10.3 Waivers and Amendments. No amendment, modification or discharge of this Agreement (including any Schedule or Exhibit), and no waiver hereunder, shall be valid or binding unless set forth in writing and duly executed by the party against whom enforcement of the amendment, modification, discharge or waiver is sought. Any such waiver shall constitute a waiver only with respect to the specific matter described in such writing and shall in no way impair the rights of the party granting such waiver in any other respect or at any other time. Neither the waiver by any party hereto of a breach or of a default under any provisions of this Agreement, nor the failure by any party on one or more occasions to enforce any of the provisions of this Agreement or to exercise any right or privilege hereunder, shall be construed as a waiver of any other breach or default of a similar nature, or as a waiver of any of such provisions, rights or privileges hereunder.

10.4 Fees and Expenses. Except to the extent expressly provided otherwise in this Agreement, each party will bear its own costs, fees and expenses (including attorneys', consultants', and advisors' fees and expenses) incurred in connection with this Agreement, the Ancillary Agreements and the transactions contemplated hereby and thereby.

10.5 Successors and Assigns. This Agreement will be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, but neither this Agreement nor any of its rights, interests or obligations may be assigned by any party hereto, including by operation of law, without the prior written consent of the other party; provided that Purchaser or any Purchaser Designee may assign this Agreement and/or any Ancillary Agreement without such approval to an assignee that agrees to be bound by the terms and conditions of the applicable agreement and assume all obligations of the assigning party hereunder or thereunder, as applicable and provided that no such assignment will relieve the assigning party of any of its duties under the relevant agreement.

10.6 Consent to Jurisdiction. Without limitation of any party's right to appeal any Order of the Bankruptcy Court, (i) the Bankruptcy Court shall retain exclusive jurisdiction to enforce the terms of this Agreement and to decide any claims or disputes which may arise or result from, or be connected with, this Agreement, any breach or default hereunder, or the transactions contemplated hereby and (ii) any and all claims relating to the foregoing shall be filed and maintained only in the Bankruptcy Court, and the parties hereby consent and submit to the exclusive jurisdiction and venue of the Bankruptcy Court and irrevocably waive the defense of an inconvenient forum to the maintenance of any such Proceeding; provided, however, that, if the Bankruptcy Cases have been closed pursuant to Section 350(a) of the Bankruptcy Code, each party irrevocably submits to the jurisdiction of the U.S. District Court for the Western District of Pennsylvania and the Court of Common Pleas of Allegheny County, for the purposes of any Proceeding arising out of this Agreement or any transaction contemplated hereby. Each party agrees to commence any such Proceeding either in the U.S. District Court for the Western District of Pennsylvania, or if such Proceeding may not be brought in such court for jurisdictional reasons, in the Court of Common Pleas of Allegheny County, Pennsylvania. Each party further agrees that service of any process,

summons, notice or document by U.S. registered mail to such party's respective address set forth above shall be effective service of process for any Proceeding in the said courts with respect to any matters to which it has submitted to jurisdiction in this Section 10.6. Each party irrevocably and unconditionally waives any objection to the laying of venue of any Proceeding arising out of this Agreement or the transactions contemplated hereby in said courts, and hereby and thereby further irrevocably and unconditionally waives and agrees not to plead or claim in any such court that any such Proceeding brought in any such court has been brought in an inconvenient forum.

10.7 Governing Law. Except to the extent the mandatory provisions of the Bankruptcy Code apply, this Agreement will be governed by and construed and interpreted in accordance with the laws of the Commonwealth of Pennsylvania, without regard to its principles of conflicts of laws.

10.8 Specific Performance. Each party's obligation under this Agreement is unique. If any party should breach its covenants under this Agreement, the parties each acknowledge that it would be extremely impracticable to measure the resulting losses; accordingly, the non-breaching party or parties, in addition to any other available rights or remedies they may have under the terms of this Agreement, shall be entitled to specific performance and/or to obtain an injunction or injunctions to prevent breaches of this Agreement, and each party expressly waives the defense that a remedy in damages will be adequate and waives any obligation that that a bond be posted.

10.9 Waiver of Jury Trial. EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE IT HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT IT MAY HAVE TO TRIAL BY JURY IN RESPECT OF ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY. EACH PARTY CERTIFIES AND ACKNOWLEDGES THAT (i) IT UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF SUCH WAIVER, and (ii) IT MAKES SUCH WAIVER VOLUNTARILY.

10.10 Severability. Any term or provision of this Agreement that is invalid or unenforceable in any situation in any jurisdiction will not affect the validity or enforceability (a) of the offending term or provision in any other situation or in any other jurisdiction or (b) of any other term or provision of this Agreement.

10.11 Entire Agreement. This Agreement (including the Schedules and Exhibits hereto), the Sale Order and the Ancillary Agreements constitute the entire agreement among the parties hereto with respect to the subject matter hereof, and supersede all prior and contemporaneous understandings, agreements, statements, representations, documents, instruments, communications and correspondence, whether written or oral, express or implied, by or among the parties hereto and their respective Affiliates, representatives and agents with respect to the subject matter hereof and thereof. Upon Closing, the rights and obligations under the Confidentiality Agreement will terminate.

10.12 Construction. The parties and their respective counsel have participated jointly in the negotiation and drafting of this Agreement and the Ancillary Agreements. In the event an ambiguity or question of intent or interpretation arises, this Agreement will be construed as if drafted jointly by the parties and no presumption or burden of proof will arise favoring or disfavoring any party by virtue of the authorship of any of the provisions of this Agreement or the

Ancillary Agreements. Accordingly, any rule of law or any legal decision that would require interpretation of any claimed ambiguities in this Agreement against the drafting party has no application and is expressly waived. The word "including" or any variation thereof means "including, without limitation" and shall not be construed to limit any general statement that it follows to the specific or similar items or matters immediately following it. The word "or" is used in the inclusive sense of "and/or."

10.13 Incorporation of Exhibits and Schedules. The Exhibits and Schedules identified in this Agreement are incorporated herein by reference and made a part hereof. There may be included in the Schedules and elsewhere in this Agreement items and information that are not "material," and such inclusion shall not be deemed to be an acknowledgment or agreement that any such item or information (or any nondisclosed item or information of comparable or greater significance) is "material," or to affect the interpretation of such term for purposes of this Agreement. Matters reflected in the Schedules are not necessarily limited to matters required by this Agreement to be disclosed in the Schedules. The representations and warranties of Seller set forth in Article V are hereby excepted to the extent disclosed in the disclosure schedules provided by Seller. Such disclosure schedules shall be arranged in sections corresponding to the numbered and lettered paragraphs contained in this Agreement. Any information disclosed on one schedule hereunder shall also be considered to be disclosed on any other schedule hereunder corresponding to a representation or warranty to the extent applicability of such information is reasonably apparent. No disclosure in the Schedules relating to a possible breach or violation of any Contract, Legal Requirement or Order shall be construed as an admission or indication that such breach or violation exists or has occurred. Any capitalized term used in the Schedules and not otherwise defined therein shall have the meaning given to such term in this Agreement. Any headings set forth in the Schedules are for convenience of reference only and shall not affect the meaning or interpretation of any of the disclosures set forth in the Schedules.

10.14 Headings. The headings contained in this Agreement are included for convenience only, and will not affect in any way the meaning or interpretation of this Agreement.

10.15 Counterparts. This Agreement may be executed in one or more counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument. The electronic transmission of any signed original counterpart of this Agreement shall be deemed to be the delivery of an original counterpart of this Agreement. The executed Agreement together with any attachments hereto may be photocopied and stored on computer tapes, disks and similar electronic storage media ("Imaged Document"). If an Imaged Document is introduced as evidence in any judicial, arbitration, mediation or administrative proceeding, it shall be considered as admissible evidence, provided that such Imaged Document bears the signatures of the parties and further provided that there is no evidence that such Imaged Document has been manipulated or otherwise altered in any way. Neither party shall object to the admissibility of the Imaged Document on the basis that such was not originated or maintained in documentary form under either the hearsay rule, the best evidence rule, or other rule of evidence.

10.16 Announcements. Except as required in the Bankruptcy Cases or as otherwise required by applicable Legal Requirement, Purchaser shall consult with Seller before issuing any press release or otherwise making any public statement with respect to this Agreement, the transactions contemplated hereby and shall not issue any such release or make any such statement prior to such consultation.

10.17 Third Parties. Except as otherwise expressly provided for in this Agreement, nothing in this Agreement, whether expressed or implied, is intended to confer any rights or remedies under or by reason of this Agreement on any Persons other than the parties to this Agreement and their respective successors and permitted assigns, nor is anything in this Agreement intended to relieve or discharge the obligation or liability of any third person to any party to this Agreement, nor shall any provision give any third person any right of subrogation or action over or against any party to this Agreement.
